

Table 4: Follow-up for Venous Blood Lead Testing

Venous Blood Lead Level $\mu\text{g/dL}$	Early Follow-up (the first 2-4 blood lead levels)	Late Follow-up (after blood lead levels start to decline)
3-4 $\mu\text{g/dL}$	3 months	6-9 months
5-9 $\mu\text{g/dL}$	1-3 months	3-6 months
10-19 $\mu\text{g/dL}$	1-3 months	1-3 months
20-24 $\mu\text{g/dL}$	2 weeks-1 month	1 month
25-44 $\mu\text{g/dL}$	1 week	2 weeks
>45 $\mu\text{g/dL}$	As soon as possible	Chelation and subsequent follow-up
